Sabbatical Preview

As our Club's President, Pastor Pete has prepared us for his two month absence for his Sabbatical. This is not his first sabbatical, as he has been on both a 30 day and a 6 month sabbatical.

He explained that a sabbatical is a time of silence, where he cannot speak, except to his spiritual advisor. As a natural extrovert, Pete finds this to be a difficult challenge. He will be in Three Rivers, MI, near a Mennonite Community and an Episcopal shrine. His first Retreat was when he was a Catholic priest, and he was angry at the Catholic church. The Retreat helped him to let the anger go, and he realized that he wanted to be an Episcopal priest. Three years later, he was, and has felt fulfilled from that decision.

In addition, he is the only Episcopal priest in the area who is conversant in American Sign Language.
