

*Why is the retired Police Chief smiling more than the current Chief?*

Chief Sandy has been on the Cortland Police Force for 35 years. He is proud of the professionalism of his force, who are out there 24 hours a day, constantly being trained. Like any business, his is in need of manpower, and he has 4 excellent recruits. He asks his officers to engage with the community, and is restarting the bicycle patrol. Chief Sandy likes to hear both good and bad about his force; we are fortunate to have him in our community.
