

Cortland Breakfast Rotary

30 August, 2023. "The Friendliest Club in District 7170!"

Molly Reagan

Everything she has accomplished is a gift from God.

Molly has traveled and lived all over the place, but likes to be here. In having a strong work ethic, she believes in bolstering and strengthening the community. She particularly tries to get this buy-in from young families in the area.

While she was a classroom elementary teacher, Molly decided to open an art camp in her backyard for two weeks in the summer; this has expanded to 10 councilors and 62 students this summer!

Molly started making Christmas cards for her friends and families. She received so many requests for these cards that she started a business in 2018 called "Good Neighbor Art." With her art, music, and community service—Molly is helping to make Cortland County a better place!

- **It has been said that you can't swing a dead cat in this town without hitting one of Mollys murals!**

She even explained how her mural at the Suggett Park basketball court reflects the topography of Cortland County (something this runner of Suggett Park did not know).

- **Molly explained to us the origin of Porchfest and how it has successfully expanded.**

Porchfest started 8 years ago as a pipe dream on VanHoesen St., and has expanded to over 30 bands! It has become a community event of music and art and families gathering together

- **So far this summer Molly and the Ringwalds have played at St. Anthony's Day, Seedstock, and Porchfest.**

A mother, artist, musician, and educator, **Molly Reagan** has brightened the area with her many talents.

She is an Art Teacher at St. Mary's School in Cortland, Crown City Little League baseball coach, creator of PorchFest Cortland, Aquatics Director at the Cortland Youth Bureau, singer in "Molly and the Ringwalds", and a freelance artist with her own "Good Neighbor Art". Molly serves on the Board of Directors for Catholic Charities and the Cortland County Visitors Bureau. You may have spotted one of her colorful murals and works of art around the area including the Cortland Youth Center, the Suggett Park basketball courts, the Ithaca Science Center, 50 Main Street, Experience Cortland Visitors Center, Frosted Bakery, Janke Chiropractic, and CrossFit Cortland.

Announcements

The Toys for Tots Concert will be here at the Center for the Arts on Sunday, September 17, 2pm. It is a free concert with a Goodwill Donation. Beside our Club, the Noon Rotary Club, the Kiwanis Club, and the Cortland Community Service Club are sponsoring this concert for a worthwhile organization (p.5).

President Don and President Elect Jackie met with Seven Valleys School, who committed a teacher who will head the Interact Club and join our Club.

Our Club and the Noon Club will be holding a Chicken Barbeque on September 30 from 1130am to 3pm at Bob's Barbeque. (P. 7).

Kim Allen of the Noon Club contacted President Don and asked for someone to participate on Rotary Radio Day on October 21 on WXHC and discuss Community Service; Mike Shafer volunteered.

Karen Dewitt thanked Steve Cinquanti for our audio system; Conrad Janke was grateful for our Speaker and guests;

Bob Martin announced that Lime Hollow is continuing the Red Oak Music Series on Saturday September 16 from 4-7pm; Glenn Reisweber donated \$5 for the presence in our Club of four Boy Scout Citizens of the Year: Don Richards, Steve Cinquanti, Mike Shafer, and Molly Reagan; Don Richards appreciated the improved Zoom when he was in Florida, Jackie Burke subbing as Prez last week, and for having a front lawn at his house in Florida; Mike Shafer congratulated Molly and appreciated the kudos from Glenn; Mark Roberts thinks we will need a

shorter podium when Jackie Burke is President next year.

You can try to kick **Mark Hahn** to the curb but he's still smiling!

Not with a **Steve Cinquanti** audio system!

A recent study found that the average golfer walks about 900 miles a year.

Another study found golfers drink, on average, 22 gallons of alcohol a year, which means, on average, golfers get about 41 miles to the gallon.

Kind of makes you proud
