

"The Friendliest Rotary Club in the District!"

Cortland 6
Breakfast 1
Rotary 22

Eden Harrington-Hall

One of our own members, Eden Harrington-Hall, admitted that she is either a brave or a stupid girl!

By herself, without never having been there, she visited Nigeria. She had made acquaintance with a young man, Stephen, who had called her as part of a scam. When Eden refused to be part of it, he called again and apologized; they made a connection.

The village that Eden visited is Odimodii, is in the delta section in the west. Shell Oil runs a pipeline through the village, which has decimated fishing, agriculture, and can blow up at any time. It also spills more oil every year than the Gulf of Mexico spill of 2010.

There is a lot that Eden would like to do for the village: bring in good soil, water purification, small gardens, community livestock, solar panels for power, poultry to raise.

Eden believes in small ways we can make a difference

The phrase "Service Above Self" is often repeated in Rotary. Eden has seen a part of the world that many of us did not know existed, and is trying to work with the Rotary Club of Warri, Nigeria, to help them.

A video about Odimodi: toxictours.org
