DO SUPERHUMAN WORK!

TAMMY BARROWS

started Josies Journey in 2019, honoring her Chocolate Labrador who passed away six years ago. With her 12 team members, Tammy provides a free service that provides support in times of distress. Within a 45 minute distance, Tammy and her team deliver the personal presence of the dogs, which lowers the blood pressure and boosts the self-esteem of the participants. They help kids who are struggling, extending them hope. Tammy, her team, and the pups are seemingly everywhere: Dryden Games, Cortland Olympiad, Homer Little League Parade, Guthrie Hospital and Nursing Home, Pumpkinfest, Brewster House, Portzline, Holiday in Homer, SUNY Binghamton, YWCA Girls Day Out, Cornell University—are a few events they enhance. While they are attuned to children at childcare centers and medical appointments, they also keep in mind the adults, partaking in Staff Lunches at local schools. We appreciate the wonderful work that Tammy and her team accomplish, and hope she keeps us informed about the projects she is involved with. Facebook: Josie's Journey Instagram: josiesjourney2019
